

RECONSIDERATION OF MATERIALS

A special form is provided for a patron wishing to request that the Library staff reconsider a specific title currently in the collection. The patron completes the form and submits it to the Director. The Director will review the title and write a letter of response to the patron. The patron will be invited to voice further objections at the next meeting of the Library Board. All complaints about library materials are viewed in the context of the Collection Development Policy.

Appendix C: Reconsideration Request
